WHAT DOES THE MINISTRY HAVE TO OFFER?

Mates Plus is a facility that provides male fellowship especially for those who no longer enjoy the benefits of having workmates.

Men need MATES, good friends whom they can trust, talk to and share their lives. PLUS is the added dimension of having Christ as an integral bond between those who participate at GWAC.

Mates Plus hold monthly outings to any type of attraction or interest. It encourages nominations for any such item as possible venues for future outings. There are opportunities for men to bond with others who share common interests. Activities are on the third Thursday of each Month unless noted otherwise.
